**EXAMINER'S COMMENT**

1. The Drawing of 20 February 2008 is hereby accepted as **FORMAL**.

**STATEMENT OF REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed method as set forth in independent claim 13 that is particularly characterized at least by the claimed method steps of "analyzing received signals ..." as set forth on lines 15-18 of claim 13; "selecting an even number of at least four cooperating measuring facilities for the target position determination"; "associating targets by calculating ..." as set forth on lines 21-29 of claim 13; "completing and improving said target association ..." as set forth on lines 30-35 of claim 13; and "calculating the positions of the targets from a system of equations for the bistatically measured distances," these method steps taken together and taken in the overall context of independent claim 13.

Dependent claims 14-18 are allowable for at least the reasons for which independent claim 13 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed apparatus as set forth in independent claim 19 that is particularly characterized at

least by the claimed "analysis equipment ..." as set forth on lines 15-40 of claim 19 taken in the overall context of independent claim 19.

Dependent claims 20-24 are allowable for at least the reasons for which independent claim 19 is allowable.

Throughout claims 13-24, the uses of the term "electromagnetic" have been interpreted in the examination to refer to radio frequencies in that no other type of embodiment other than radar is mentioned in the Specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
